LIPPITT'S SPECIFIC.

Dysentery, Diarrhæa, and Summer Complaint.

N presenting this justly celebrated Medicine to the public, we make no rash assertions of its efficacy, nor is any ope held out to the afflicted which facts do not warrant. This remedy having been for years used in this place, for the cure of the above diseases, and those appertaining to the same class, the Proprietor has been induced to offer it on a more extensive scale, with a view to lessen the amount of human suffering. I have never known it to fail when the rections have been strictly adhered to. Many useless nostrums have been palmed upon the public, and I hesitated for some time, until thoroughly convinced

Good Night. Good night! a word so often said,
The heedless mind forgets its meaning;
Tis only when some heart lies dead,
On which our own was leaning, We hear in maddening music roll The last "good night" along the soul

"Good night "- in tones that never die; It peals along the quickening ear, And tender gales of memory Forever waft it near, When stilled the voice, O crush of pain— That ne'er shall breathe "good night" again Good night !- it mocks us from the grave-It overleaps that strange world's bound From whence there flows no backward waye-It calls from out the ground, On every side, around—above, "Good night, good night" to life and love

Good night! O, wherefore fades away The light that lived in that dear word Why follows that good night, no day, Why are our souls so stirred? O, rather say, dull brain, once more, "Good night! thy time of toil is o'er!" Good night--now cometh gentle sleep,

If life's long day had no "good night?"

What reason is there for Canada and Australia sharing in the risks and disadvantages of a quarrel between Victoria and Nicholas on account of Abdul Mejid? Why should Sydney be jeoparded on ac-count of the Greek Christians? or why should Halifax be threatened on account of the balance of power in Europe? What practical connexion is there between these throes with which Europe is in travail, and which, it must be confessed, have as yet brought forth so little, and the interest of the Canadian farmer or the Nova Scotian fisherman? If none, then why should the colonies of England suffer from the mutabilities of English politics and diplomacy? Is there not every reason for inpendence-economical, political, moral? Will not the good sense of England, which is so readily approving of the Canadian treaty of reciprocity with the United States, and which is about to withdraw her soldiers from Cana. da in a short time accomplish the form, as she has nearly accomplished the fact, of separation between her and Canada? We hope and trust so. We believe and dare prophesy so.

We are indebted to the courtesy of the publishers, Messrs. Appleton, of New York, for a copy of the History of Captain Canot, being a narrative of twenty years spent in the African Slave Trade, edited by Brantz Mayer, of Baltimore. The account seems to bear the strongly marked impress of the relator, the editor having merely arranged it for the press, and superintended its passage through.

The Queen Mother is scarcely disposed of, ere a new comer presents a fresh form of an old question; Mr. Daniel H. Sickles, the American Secretary of Legation in England, left this country about a month ago, and was announced in America as having returned with despatches from the American Minis ter in Spain to the President; and the nature of the channel for the transmission of those despatches occasioned some remark on the other side of the Atlantic. We believe we are not incorrect in saying that several recent circumstances have strengthened the view at Washington that the conduct of the local officers at Cuba is unwarranted by any laws of international intercourse. Without expressing any opinion on the question at issue, we state simply as fact that the irritation in the United States is considerable, and that a strong pressure is exerted upon the government. The purchase of the island from the Spanish Government is a subject of common and impatient discussion. Mr. Sickles, we believe, take

REVIEW OF THE WILMINGTON MARKET,

TURPENTINE-In this article we have no change to notice on last week's prices. The receipts continue very light, and are not sufficient for the demand. Virgin dip is quoted at \$2 64 for dry-being a deduction of one-fifth on the price of yellow dip. The sales for the week ended this morning foot up only

899 bbls., as follows: 193. 2 64. 3 30. 441. 2 64@3 15. 3 30. Monday. Tuesday

There has been none offering on market since Tuesday, and we note a fair equiry from shippers for yellow dip; firm at

a light demand, and at the time of closing our enquiries the market is quiet; sellers generally are holding at a higher figure. There is a large stock in first hands.

Rossy--The transactions in Common continue limited

FLOUR—In Fayetteville brands we notice a decline of 30 ets. on former quotation. Small sales were made during the early part of the week at \$9 for superfine, but on Wednesday 100 bbls. changed hands from wharf at \$8 50 \$\pi\$ bbl., cash; at which price small parcels were also sold from store. The market is rather dull at lowest figure at present, buyers showing little or no disposition to purchase only what is needed for immediate use. Prices have a downward tendency.

ate use. Prices have a downward tendency.

GRAIN—In Corn we notice only one cargo of 1,750 bushels received this week from Hyde county, which changed hands on Monday at 86 cents \$\partial \text{bushel}\$. There is a full supply of former arrivals in dealers' hands, with a limited enquiry; sells from store at \$5\tilde{\theta}\text{90} \text{cents }\partial \text{bushel}\$, as in quality. — Oars None received for the past week, and we notice little or no demand; fair supply in store. We continue former quotations for store rates. — Peas—Cow Peas are badly wanted, none having been received here for some time past; would sell readily.

MULLETS.—100 bbls. new Mullets, for sale by Sept. 21.

FREEMAN & HOUSTON

for store rates.—PEAS—Cow Peas are badly wanted, none having been received here for some time past; would sell readily at last quotation—\$1 25 \$\vec{p}\$ bushel.—RICE—In clean the small parcels noted last week as received have changed hands at 4\vec{v}\$ cents \$\vec{p}\$ lb.; 36 casks brought in this morning, which are retailing from wharf at 5 cents—being an advance of \$\vec{v}\$ c. \$\vec{p}\$ lb. No transactions in the rough article, and we erase former quotation. HAY—The market continues to rule dull for this article, dealers having a full supply in store, and the demand limited. 100 bales Northern received this week, which sold at 75 cents

100 fbs., 90 days.

Lime—In the absence of receipts for three or four weeks

Since then we have sales of one or two small parcels at 11 cents for hog round and 13 cents \$\mathbb{B}\$ for hams. In Western cured y we also note a better demand, but the prices remain about the same as last week reported. On Friday about 16,000 fbs. changed hands at 7½ cents for shoulders, and 8½ cents \$\mathbb{B}\$ for sides, cash; 8 hhds. at auction, (partly damaged) at 8 cents for sides. See table for store rates.—LARD—N. C. make is very scarce, and none worthy of note received during the week. There is a good enquiry for the article, and parcels would readily bring our quotations—11½ cents in bbls. and 12½ cents \$\mathbb{B}\$ fb. in kegs.—Cheese—Is in light supply, and we advance store rates to 12 @ 14 cents \$\mathbb{B}\$ fb., as in quality.—Pork—Northern Mess remains in good supply, and we have to report only small sales at \$15 @ \$16 \$\mathbb{B}\$ bbl.

Potators—Sweet Potatoes are brought in slowly, and sell readily at \$5 cents @ \$1 \$\mathbb{B}\$ bushel. Irish sell from store at

POTATOES—Sweet Potatoes are brought in stown, and sent readily at 85 cents @ \$1 \$\mathbb{B}\$ bushel. Irish sell from store at \$4 @ \$4 50 \$\mathbb{B}\$ bbl.

POULTRY—The market is poorly supplied, with poultry, and prices rule high. Chickens sell at 15 @ 25 cents each, as to

SALT-Liverpool sack is in good supply, with a fair demand. 1,650 sacks received coastwise since our last review, and 1000 sacks sold at \$1 50 pack, cash; the balance has gone into store. Alum is in very light supply, with a better demand;—sells at 70 @ 75 cents & bushel.

Shingles—Are in demand, and but few are brought to We quote small sales of Common at \$3 @ \$3 25 78

M., as in quality.

STAVES AND HEADING—We notice the receipt this week per railroad of 16,000 W. O. Bbl. Staves, which were sold at \$25 \$\mathbb{B}\$ M.—7 \$\mathbb{B}\$ ct. off for culls. There is a fair enquiry for this article, and a good merchantable quality sells readily at this figure. No Ash Heading received. Last sale was at \$9 \$\mathbb{B}\$ M., without inspection; would bring \$12 50@\$14 \$\mathbb{B}\$ M., inspected. Timber—Continues to arrive slowly, and is in moderate demand. Only 6 rafts sold this week at prices ranging within and. Only 6 rafts sold this week, at prices ranging within quotations. See table.

Fraggers—On the rates to Boston we note a shade decline

in naval stores. To New York there is a fair supply of produce waiting shipment, and prices are the same as quoted last week. See table.

The recollection is too painful to dwell upon. principles-not as an endorsement of a Democratic We are by no means squemish, yet we would not some nine hundred or thereabouts.

The correspondent of the News says:

The "Journal" would have us believe the success of the words to express his feelings. Democratic party was not due to the Mountain District and to Mr. Clingman's influence; as Mr. Dockery gained a few—comparatively no—votes in that district. Let's see.—Dockery, just as Scott did two year s ago, was going to the mountains with large gains, gains so astounding, that every eye was turned to the mountains. The same thing had octhat direction; anxiety was in his heart and anxiety plainly discernible in his editorials; and hope, to dispel it from both places, was to come from the mountains. It came; Scott was defeated—it came; Dockery was defeated.

He then proceeds to expatiate, with a pleasure which sounds strangely from a Democrat, upon our loss at the last Governor's election, in this County, which he puts down, with a liberal hand, at about four hundred, being a slight exaggeration of about one hundred. We would beg to call the attention of this enthusiastic correspondent back to the dull routine of facts, and request his attention to one or two which an analysis of the official vote will show, namely-that General Dockery made a gain in the Mountain District of between five and six hundredthat this was above his average gain throughout the State-that even this District, over which this "East ern Man" appears so much to rejoice, shows only a loss of between six and seven hundred, a mere trifle greater than that in the Mountain District. There is certainly something amusing in the closing sentences of the quotation we have made-"It came; Scott was defeated-it came ; Dockery was defeated." If we might do so without impertinence, we would beg leave to ask how Dockery was defeated by obtaining an increased majority of between five and six hundred votes? We make this enquiry without wishing to reflect in any way upon our brethren of the Mountains. The Democrats there did their duty, and are entitled to full credit with their brethien in the other districts, but not above or to the exclusion of all others.

We are free to say that we think it eminently unsafe to look to any extraneous influences, for the sources of Democratic strength, and we also sincerely believe that the majorities for Mr. Bragg, as well as for General Pierce, would have been very largely increased had the Democracy of the East been fully awakened to the necessity of exertion, instead of being lulled into a false security by rumors of some mysterious and semi-miraculous changes to be brought position which he has filled so ably and efficiently, about in the Mountains, which, some how or other, in the following handsome valedictory : were to " save the State." For our own part, when we are convinced of any truth, and of its bearing upon the permanent interests of the party, we feel it

upon reflection, to be unjust, if he knows either the course of this paper or its editors. We give full, free, and liberal credit to our brethren, in every part of the State, and to none more than some contributions, and is prepared to receive and

Having stated that it was owing to the obstinacy of the Post Office Department that the South Carolina Railroad Company declined to carry a semithe gentleman to whom it was addressed: POST OFFICE DEPARTMENT, July 28, 1854.

your letter of the 24th just, with one from Gen. Harilee, dated 21st ult , and to enclose herewith the report of Mr. Fleming, Superintendant of the Wilmington and Manchester Railroad, which was submitted to me by Gen. Harllee, and which he now desires to have returned In answer to your inquiry what action has been

taken by this department on the memorial addressed to me by the South Carolina delegation and other Southern gentlemen in Congress, on the subject of a semi daily mail on the Wilmington and Manchester and South Carolina Railroads, I have to state that the subject has received my most earnest consideration, but that I have been entirely unable to effect the desired improvement, owing to the unyield ing demand of said Railroad Companies, for a higher rate of compensation than can be allowed consistceding week, of asthma, brought to a crisis by his ently with the settled line of policy which the in terests of this department compel me to pursue in such cases. They demand \$300 per mile, in order to place them upon an equality with some other railroads north of Wilmington. My firm conviction is that such pay is entirely too high for double daily mail service on any railroad. No contract or arrangement has been or will be made by me at that rate, and I am determined, if the question shall come before me, not to renew the existing ones to which reference is had.

It is a remarkable fact that no railroads in the ole agricultural paper, and we trust that its list as country, other than those from New York to Wilmington, and Baltimore to Cumberland, Maryland, receive \$300 per mile, although there are many rendering equally important services; and that there are some roads which actually receive less pay for two or more daily mails than is allowed for single \$130,000 of Government Stocks were redeemed daily lines between Wilmington, Augusta, and Charleston.

For instance, on the Hudson River Railroad very large mails are conveyed nineteen trips weekly each way between New York and Albany, at \$225 per A meeting of the citizens of Horry District con- mile; while but \$200 per mile is paid for similar servened in the Court House, on the 3d inst., for the vice on the connecting routes from Albany to Buffapurpose of taking into consideration the propriety of lo and also the same rate on the great route from uilding a Plank Road from Conwayboro' to Fair New York to Dunkirk. routes, as erroneously assumed in the arguments preroutes, as erroneously assumed in the arguments presented to this department; on the contrary twice daily service is performed by contract on the Georgia Railroad, between Augusta and Atlanta, at \$237 50-100 per mile, being the same rate allowed for one daily line between Wilmington and Augusta very important fact has been overlooked by the Wilmington and Manchester and South Carolina Rail- T. C. road Companies, while claiming to be put upon an

equality with connecting routes. For such reasons, I cannot yield to the demands of these latter companies. Being, however, deeply anxious that the Southern cities should participate in the advantages of twice daily mail service. I determined, after mature reflection, to offer \$250 per mile for the distance from Wilmington by Kingsville the prosperity which would result from its being to Augusta, making the pay equal to that on other equally important routes, and greater than that on the majority of routes on which similar service is respective Presidents of the Railroads in question, setting forth particularly the grounds of my decis ion, but my offers have been rejected, and \$300 per mile is again demanded, notwithstanding my positive Martin; with naval stores. decision against making such allowance in any case whatever. The reasons for such decision, as herein given, apply equally to the Wilmington and Manchester and South Carolina Railroads. There are still further reasons applicable alone to the latter roads, to which I invite your attention.

The Kola had encountered the gale on the 8th lord lost forement and head lost forement and hea 1st February last (the time of changing the great mail routes) only a local mail has been conveyed between Charleston and Branchville, South Carolina, which entitled the Railroad Company to \$100 per mile per annum at most for that distance, being the rate for similar service on the Macon and Western, with a cargo of Rosin-put back in distress-to Geo. Harriss Muscogee, and Western and Atlantic Railroads. The news, although not important, is of a highly veyed at \$175 per mile. No reduction, however has been made on the South Carolina road and the vice on the Georgia Central road, and \$137 50 per The sales of cotton at Liverpool, for the week end- mile more than is allowed for a much larger mail on pany should recede somewhat from its demands. Be-

tall pay of \$237 50-100 per mile per annum for first ing disappointed, I presented to Mr. Caldwell the President, on the 17th inst., the further important tween Charleston and Augusta at the present rate of pay, \$237 50-100 per mile; that such service was service was made under the mistaken impression that service was made under the mistaken impression that it followed, as a matter of course, after the withdrawal of the steamboats between Charleston and on the W. & M. R. R., to Iron Hill Cross Road, in Colum-Wilmington. Whatever may have been the reasons, according to the letter of the contract, the reduction of service involved a corresponding reduction of pay, can reasonably persist in its demands, after thus dispensing with the daily express trains, (so called,) which were formerly maintained at a cost probably trains now proposed between Kingsville and Augus-

These considerations appear to have been entirely overlooked by the Railroad Company heretofore .-Having now specially brought them to view, I trust they may yet exert a proper influence, by leading to the acceptance of what, under the circumstances, should be regarded as a most liberal offer.

As regards the calculations of the additional co-t of an extra mail on the Wilmington and Manchester Railroad, I may say that no such criterion can govern this department in fixing the compensation for mail service. Instead of having such calculations made, it would be well for the companies interested Spain is tranquil. There is some vague rumors elative to interviews between Mr. Soule and Esparbel ero, in regard to the purchase of Cuba, but they can-impossible for me to regard the local considerations for the County of New Hanover, as Administrator, with the Will annexed, of Mrs. Elizabeth H.
